

When it comes to money, does it seem like you...

- > Make good money but struggle to keep it?
- > Can't tell if you're on track?
- > Don't know where to start?
- > Aren't funding the life you want?

TYPICAL PLANNING	BETTER ALTERNATIVE
✗ Focus on Products	✓ Focus on Process
✗ Static Plan	✓ Dynamic Model
✗ Advising	✓ Coaching
✗ Rate of Return Driven	✓ Results Driven
✗ Budgeting	✓ Cash Flow Tracking
✗ Tax Prep	✓ Tax Strategy
✗ Investable Assets	✓ 100% Efficiency

Typical financial planning obviously isn't the answer...

Most financial "plans" are just sales pitches in disguise. Plans like this hinge on you buying some financial widget in hopes of achieving a higher rate of return. You walk away with a magical widget, some general advice, and a lot of unanswered questions.

We offer a better alternative.

A PRESCRIPTION WITHOUT A DIAGNOSIS IS MALPRACTICE

your financial life is no different

The Financial X-ray is the only data-driven process for you to see EXACTLY where you're at and where you're headed.

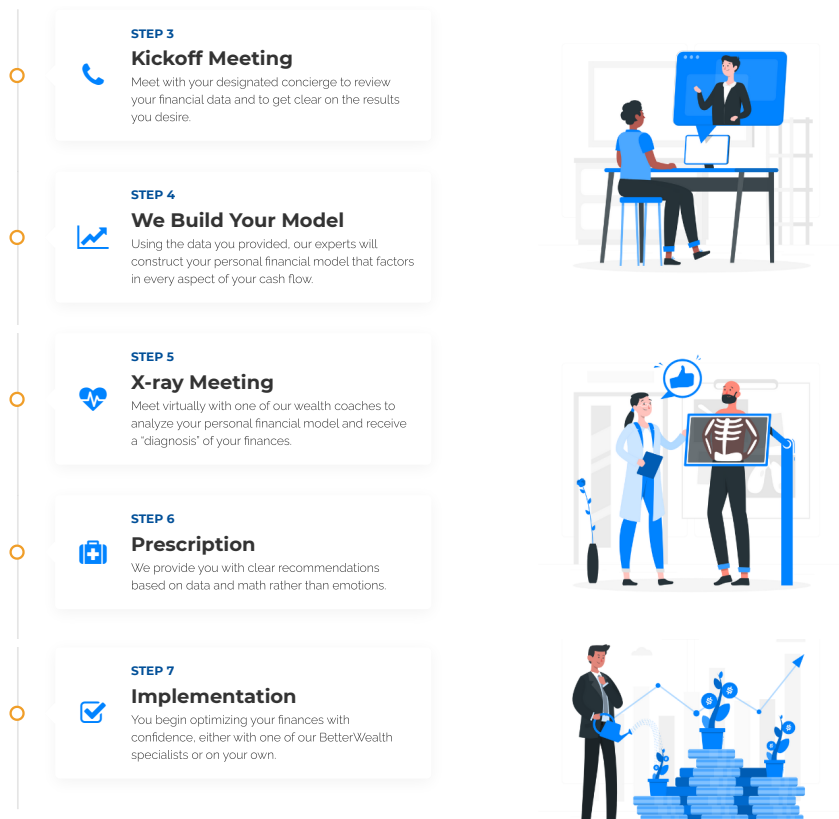

Our process is like going to the doctor, but for your financial health.

Here's what that looks like:

STEP 1
Gather Data
 We'll send you a fact finder so you can gather the data that's most relevant to your financial health.

STEP 2
Upload Data
 Upload your fact finder to our secure portal with the click of a button.

Is the X-Ray for you?

The X-ray Is Right For You If...

- You and your family want to live intentionally
- You are entrepreneurially-minded
- You think outside the box
- You are motivated to find a better way
- You will put in the work

The X-ray Is NOT Right For You If...

- You want money to dictate your life
- You want to stay in the rat race
- You prefer to keep your head in the sand
- You are fine with your father's "financial plan"
- You want a quick fix

What Others Are Raving About...

”

We knew there had to be a better way to save for our retirement. After watching many of Caleb Guilliams videos we looked at our financial situation in depth and where our money was going..

...Since our process working with the Betterwealth team, we have clarity on where we are headed for our future and feel secure knowing we have death benefits in place and we have access to our funds if we need them.

The Betterwealth team really cares about their clients and wants everyone to "unlock intentional living."

The communication between all members of the Betterwealth team has been nothing but exceptional. I would recommend this company to anyone.

Tracking my money is so eye-opening. I see how valuable this 1st step is and can't believe how long I've resisted doing this and really care for my money. This accountability and checking in monthly is gold.
